(Course affiliated to Domus Academy,Milan)

### KIIT SCHOOL OF MANAGEMENT,KIIT UNIVERSITY,

### BHUBANESWAR:

BACHELOR OF BUSINESS ADMINISTRATION 2010-2013

## DESIGN PHILOSOPHIES

**Comfortable homes, functional workplaces, beautiful public spaces is what we aim at to give a unique design to every space**

We start each project with fresh eyes and ideas, brainstorming, concept development to completion with a thoughtful consideration of the client's budget.

Each place is designed keeping in mind users emotions and needs.

Our journey began in 2017 and since then we have created unique spaces that have helped our clients discover their style, blend multiple trends, get a makeover or just pull it all together

We work passionately with our clients so as to achieve an opulent end result, which they cherish for a lifetime.

Our team collaborates closely with consultants and subject matter experts to add value to our projects.

With my team, it's about seeing the little details AND the bigger picture and putting it together to create a functional, beautiful space you can enjoy for years.
